# **HERE AND THERE.**

THE VILLAGE AND VILLAGE.

Day boarders wanted by Mrs. M. A. Williams, 8 Virginia Street.

City-sewn arrests were made by the police during the month of October.

Quarles & Keatts, the Cadiz jewelers, handle diamonds, watches and jewelry.

City laws for 1892 have been paid this month of June and are now paid at once, pay now and costs.

S. G. Gorman, Collector.

Rev. H. G. Morrison has just closed a very successful meeting at Elkton.

The Ohio river has touched the low water mark and the larger boats, riding her waters have discontinued their trip for the present.

The Ladies Missionary Society of the C. P. Church, will give a social in the Lecture room of the church this evening, Almonite 10 cents.

Dr. A. P. Campbell, dentist, North Main building, up stairs, next door to Judge Landers, has office.

The fields are so dry that sportsmen report hunting of quail and other small game is not to be plentiful.

\$50,000 worth of diamonds will be sold at Yates' for one day only Nov. 1st. It costs nothing to look at them.

Partners, insure your tobacco here and contents with the GIANT INSURANCE AGENCY.

The annual number of moves are on the road south. By April they will start North and West again, when the geese make their move.

Notwithstanding the exceedingly dry fall the average of wheat now is large. Much of it is up to looking well. On the high lands it has not so well and there is some apprehension about it.

The reason that Young, a mail carrier, changed with knowledge of the peace, was dismissed in the City Court Friday, the evidence introduced being insufficient to convict.

Several car loads of live hogs have been shipped from South Christian to the market recently. Several car loads of cattle were also shipped during last month.

The South bound L. N. freight train ran over an unknown colored man in floodwater early Sunday morning. Death was instantaneous.

He had been horribly mutilated. The citizens were unable to identify the remains.

Jim Gibson, coal, was given two days in the work house yesterday on charges of breach of the peace and disorderly conduct. Gibson attempted to escape a morning light train and when ordered away by one of the policemen, picked up a rock and threw it at the brakeman's head, barely missing him.

Locust Grove Baptist Church, near Columbus, has been completed and dedicated. Eld. R. W. Morehead presided the dedicatory services. It is to be remembered that the old church was destroyed by the cyclone two and a half years ago. The new building is a handsome structure and is well fitted for its congregation of worshippers.

Judge Brown paid into the treasury \$250.50 yesterday, the amount collected in fines during the month of October. Quite a number of persons were sent to the work house, being unable to pay their fines. This is a very creditable showing, the amount collected being within \$9 of the largest amount collected in any one month during the Judge's administration.

Mr. J. R. Walker has received from Anne W. Harris, the well known thoroughbred of Placer County, a horse named Duke. Duke is a bay, with a white blaze on his face, and is a very fine specimen of the breed. He was bred by Duke Jones, who is a well known horse raiser in Placer County.

Mr. Walker has a pair of Mr. Harris' horse and is thoroughly pleased with his stock. The Duke Jones are considered by many the very best all purpose horse that can be found.

Dr. Frank M. Sisson returned Saturday night last from a tour of inspection of The Southern Locomotive Works, where he has been for two months taking a special course in surgery. He says it is a wonderful place, and that he has seen some of the most skillful surgeons in the world.

# **CREAM OF NEWS.**

Pembroke Democrats.

The members of the Pembroke Democratic Club are urged to meet at Pembroke Saturday Nov. 5th, at 2:30 p.m., on business of great importance will be transacted. All good Democrats are requested to meet with us.

H. L. Tace, Secretary.

A filtering showing.

The gross earnings of the Chesapeake & Ohio railroad for the three months of July, August and September amounted to \$2,250,000. After deducting operating expenses and charges of the road for the same period a surplus of \$250,000, representing a net profit, is left. This shows the affairs of that corporation to be in a most flourishing condition.

Broke His Neck.

Last Tuesday afternoon Jordan Moore, a well-to-do Toledo country farmer, was thrown from his horse while riding along the Elkton and Trenton road, and almost instantly killed. His neck was dislocated and his skull was badly fractured. He lay for several minutes before being found. He leaves a wife and several small children.

On a Boom.

Tobacco will bring fine prices again this season, and farmers will be largely "in it" this year. A number of crops have been bought in the future about Providence. One firm, Payson & Sonson, of Indianapolis, have already purchased 300,000 pounds of it. A. Ramsey sold his crop for \$7.50 a pound, and others are following suit.

Finally Disposed Of.

The Court of Appeals has overruled the position of the plaintiff for a rehearing in the contested election case of Cowan vs. Prosser, and the office is there finally given to the Republican incumbent by one vote, with the end of the term Jan. 1, 1905. The opinion was somewhat modified, but the change, whatever it was, was unimportant and did not correct the former errors claimed in Mr. Cowan's petition to have been made against him.

Hicks on the Weather.

Prof. Hicks says bright frosty days are ahead, and during the opening days of this month. About the 6th it will grow warmer, and during the days following storms will come from west to east. He further warns us to be prepared for cold waves to succeed all the regular and irregular weather of the month. Much disagreeable weather is predicted for the month. There will be rain, hard frosts, and much snow, but no heavy snow.

Shot Through the Heart.

Hugh McGuire and Marshall Wall were traveling down the river on the boat Saturday afternoon last near their home. McGuire's 32-caliber rifle was accidentally discharged, the ball passing through Wall's heart producing instant death. Wall was 14 years of age. Both youths were members of families of prominent mechanics of Bowling Green. The unfortunate affair is much regretted by all who knew the parties, but by no one more than young McGuire.

Fall Railroad Accident.

A N. & W. V. through freight was wrecked a few miles east of Nortonville about 10:20 a. m. Saturday last. Engineer R. E. Brewer was instantly killed and Fireman Fred Humphries was so badly crushed that he died shortly after arrival at the hospital, where he was taken. The cause of the accident was a broken axle on the engine, which was badly damaged. The train was taken up for some distance and delayed for several hours. Eugene H. Brewer was unmarried, aged about 25 years and his home was in Columbus, Ky. Humphries, the fireman killed, was a single man, about 30 years and was from Hutchinson, Kansas.

Regulators a Riotous Gang.

Friday night last a gang of lawless men, calling themselves regulators, were in the town of Elkton, where they were engaged in a riotous and lawless proceeding. They were driven off by a band of regulators at Elkington and whipped with a considerable loss of life and limb. The riot was then told to leave the county, as one or two of the regulators were taken up on horse foot. The gang had only been in the place two days when he had a row with a porter of a train who shot him in the arm. He was tried for assault and ordered to leave town. Instead of obeying he attacked himself and defied the authorities. Later he was placed in jail, but some of the citizens, feeling further trouble from him when released, decided to "trim him out."

The Dyerburg (China) Times says "Last spring Mr. Chen, Chinese of the name, died. He had been a prisoner for life, but he died in the hospital, where he was taken up on horse foot.
